

AUXILIUM CONVENT SCHOOL

DUMDUM

28.03.2020

Dear Parents,

As per the directives of the government, all educational institutions are closed as a precautionary measure against the spread of Coronavirus. I know that our students are losing a lot of class time but this medical crisis that has shaken the world is teaching them many a lesson for life. In this regard, **I would request you to take care of your health, diet and hygiene and stay safe.** Most importantly of course please utilise this time to call on God and seek his strength and protection. You will be updated about the school's future course of action and **I am positive that by the grace of God we will all be able to resume normal life very soon.**

Auxilium Convent School Dum Dum has initiated the SMS mode of communication to reach out to you dear parents. The trial message was sent to you on 22nd and 23rd March with the following words: "These are days of apprehension and concern. Wish you God's blessings."**Henceforth, I will be communicating with you through this mode as and when the need arises so you can expect timely information.** Therefore, please do not call on the school office number these days since there will not be anyone to receive your calls.

In order to encourage the students to continue their learning at home during these tentative days and keep up the tempo certain **home-based projects and assignments have been set by the teachers. Kindly check the school website to view the specified class assignments and see that your wards start working on them as soon as they receive them.** You are also requested to download the specified assignments and projects as soon as they are uploaded in view of the increasing pressure on the internet. All these projects and assignments are to be done with stationery and materials present at home. On no account are you supposed to venture out of your homes to purchase any project-related material. Please see that the students use this time at home for spiritual as well as academic enrichment and try and develop the habit of self study. Stay safe at home and be assured of my prayers.

Your cooperation will be highly appreciated.

Thanking you,

Yours sincerely,

Sr. C. A. Esther Rani
Principal
